J. W. JAMIESON, P. M.

—The Pennsylvania State Normal School at Indiana, Pa., is now sending out its 116 page catalog, a very beautiful and interesting book. This school has exceptional opportunity in the matter of presenting such a catalog. Indiana—the school in the foothills of the Alleghenies—is itself a wonderfully beautiful place.  
—H. J. Tracy, of Randolph, who with P. Hennigan, of Jamestown, is engaged in oil operations in Warren county informed the Jamestown Journal that the drillers had just shot well No. 7, on the Hugh Miles lease, at Fagundus, and the well was a good producer. It is estimated it has a production of 25 barrels per day.  
—The Green township school board has elected the following teachers for the ensuing term: No. 2, Boba Cole; No. 3, Harold McKee; No. 4, Clara Henry; Flynn, Inez Fritz; Kiser, Etta Rodgers; Guptonville, Nora Haslet; Young, Wilbur Hinder. Length of term, eight months, to begin Sept. 1st.

—Some time during the fourth of July festivities the large and handsome Robinson memorial window in the Presbyterian church was damaged considerably by having a hole broken into it. It is supposed to have been done by a pebble blown by the explosion of a dynamite cracker, but the responsible ones have not yet been apprehended.  
—Joseph G. Richards, of Eldred, McKean county, has not lost faith in this community as an oil producing territory, and is back taking up leases on German Hill with a view to making further tests. We believe ourselves that Joe is right and that his persistency will be rewarded by the opening of something worth while in petroleum in this vicinity.

—The first passengers carried over the S. & T. Ry extension was on the morning of the fourth, when a special was run from Coleman's mill to Kellestville. The train started with 23 passengers. The rails and ties for the new road are laid to a point just below Coleman's and the work of ballasting the track between that place and Nebraska is going along fast.  
—Yesterday before Judge Hinckley at Warren arguments were heard in two applications for new trials in cases from this county. The first was that of J. F. Proper vs. Keystone Handle Co., and the other Anna M. Proper vs. Elizabeth Weller, Ex-rix of estate of A. L. Weller, deceased. The attorneys were D. I. Ball and D. U. Arid of Warren, and A. C. Brown of Tionesta.  
—James A. Connelly, of the Curtis Leather company, at Ludlow, has been in the city during the past few days with his new 1914 Pierce-Arrow, which is one of the most complete machines ever seen in this locality.—Kane Republican. There, didn't we tell you "Jim" was making good every day in the week? Come down this way soon, son; we'd like a little spin out the Macadam in that wagon.  
—It required six automobiles to transport the Masonic brethren to the monthly lodge meeting here Monday night. Four came from East Hickory and Endeavor, one from Nebraska and one from Kellestville. The auto has done much to enhance the attendance at the lodge meetings, the out-of-town members being able to run in from a distance of 12 or 15 miles after working hours, have a fraternal session, with a light lunch on the side, and get back home in time to see the family off to bed at a reasonable hour.  
—Harry H. Craig on Tuesday of last week disposed of his drug store, the purchaser being R. A. Walker, of Warren, who comes to us well recommended as an experienced pharmacist. Mr. Craig will return to Clintonville, his former home, where he will be engaged in outdoor work in looking after his oil lease. During their residence in Tionesta Mr. and Mrs. Craig have made a host of friends who will be sorry to see them leave, but will wish them abundant prosperity wherever they may be located.  
—William Hall of Endeavor, whose success in selecting fine draft teams for Wheeler & Dusenbury has been noted from time to time, passed through here one day last week leading a pair of fine-looking horses for his farm which he had picked up in Clarion county. They were iron grey five-year-olds, and their combined weight was 3,100 pounds, or precisely 1,550 each, so evenly were they matched in size, and in color you could not tell "which from 'other." When William was sent out to bring in a good team and is not limited as to price, he always comes back with the goods.  
—Terrific winds prevailed throughout this section Sunday afternoon, but fortunately for this immediate locality, were not accompanied by rain. Sections north of us, however, were not so fortunate but were visited with tremendous down pours of rain and hail. Along the upper end of Tionesta creek and around Sheffield there seems to have been a veritable deluge, which sent the creek up to a good rating stage within a few hours. Many trees and some oil derricks were blown down, but no casualties were reported, and considering the magnitude of the storm the damage was small.  
—A Kansas paper of a recent date reports the striking of an exceptionally good oil and gas well by the Ottawa oil and gas company, a short distance east of Ottawa, on which a number of former young citizens of this community are employed, namely, Arthur and Charles Elliot, and N. O. McDonald, sons and son-in-law of James Elliot of Stewart Run. The boys are doing fine in that section and like the country so well that they expect to stay indefinitely. Their brother, Matthew Elliot, who has for some time past been employed on the Shriver lease in Tionesta township, expects soon to leave for the Kansas oil fields.  
—One of Tionesta's needs is a well organized and effective humane society for the protection of horses and other dumb animals from their brutal masters. One evening recently a party of four stalwart men were crowded into a buggy drawn by a single horse which they raced up and down Elm street several times at full speed, the faithful animal straining every nerve apparently to escape the cruel lashings from the driver's cutting whip. There is adequate law for the prevention of such brutality, and it should be invoked and the guilty parties made to understand that the authorities will speak for those who cannot speak for themselves.  
—Arner, the six-year old son of Mr. and Mrs. G. D. S. nail, of Pearl and Seelye avenues, fell from a window on the second floor of the family home, late Thursday evening, and was badly injured, says the Oil City Biltzard. The lad was leaning from the window and lost his balance. The mother heard the child's screams and found him lying upon the ground. Dr. Goodwin, was called, found no bones broken but the body was painfully bruised. Today no symptoms of internal injuries had developed. Mr. and Mrs. Small are former residents of Nebraska, this county, and friends here will be relieved to learn that the accident to their little boy will not result seriously.  
—W. R. Small, Co. A, 103d Pa. Inf., as he explained to a reporter, was in Warren Saturday on his way home to East Hickory from Gettysburg. Upon the old veteran's vest resplendently reposed twenty-six badges and medals, some of them won, most of them purchased from vendors at Harrisburg and Mr. Small further stated that in his small black bag he had more of them together with four pennants. All were bought in Harrisburg as no flags were allowed on the battlefield. The East Hickory man probably saw as much service in the war as anyone from this vicinity. He enlisted September 7, 1861, spent seven months and fifteen days in Andersonville and was mustered out June 25, 1865. Also on his way home to West Hickory this morning was T. P. Harry. He is a colored man and the only one of his race to attend the celebration from this section. Mr. Harry claims he is 89 years of age, though he cannot substantiate it as the family Bible, the most cherished possessions of the family of sixteen of which he was a member, was consumed in a fire which burned his home in 1837.—Warren Mirror.

—Three new Ford cars have been added to the Tionesta bunch within the past ten days through the Mensch agency at Marienville, as follows: W. S. Beers drives a five-passenger machine, and Russell Hopkins and Dr. Bovard each have a pretty runabout. Mr. Mensch has placed thirteen of these serviceable cars in this locality thus far this season and has still a number of prospective customers in view.  
—"Teddy," the handsome and valuable little setter dog owned by Wm. Smead, was chloroformed Monday to end his misery after 24 hours suffering. An autopsy disclosed a bad case of intestinal adhesions, rendering his recovery impossible. The trouble is believed to have resulted from an injury by being bit with an automobile when a puppy. Charles Lanson also lost his favorite dog one day last week, supposed to have been caused by poison.  
—Acknowledgment of subscription renewals is made as follows, with thanks: Elk Tanning Co., Ridgway, Pa.; Lyman Cook, Nebraska, Pa.; J. W. Korb, Tionesta (new); Geo. L. Scott, Collinswood, N. J.; Mrs. Mary Connelly, Stow, N. Y.; Miss Nora Mong, Meadville, Pa. (new); A. J. Fleming, Warren, Pa.; H. M. Thomson, Bartlesville, Okla.; J. H. Shaw, Kellestville, Pa.; Mrs. Louisa Nurse, West Hickory, Pa. (new); W. N. Strawbridge, Marienville, Pa. (new).  
—Who was it? A Warren paper states that an old veteran from Tionesta stopped over at the Revere House in Warren Sunday and he complained of being touched while en route home from Gettysburg. Fortunately he had spent all his money excepting a few pennies and the fellow who lifted his worn purse was not rewarded for his chances. We place little credence in this story, as every one of our "old boys" returned from the great gathering in fine fettle and with their wallets and good horse sense all intact, be it said to their credit.  
—Recent rains have brought the river to a stage where by careful navigation, it is possible to send barges and boat loads to the Pittsburgh markets by water. Two fleets of boats from Nebraska, Ford county, passed through here late Friday afternoon in charge of Captain Cook.  
—Derrick. The heavy rains north of here Sunday made sufficient flood in the river to allow Captain Lawrence to start Monday evening with a fleet of six barges of the Forest Barge company from Hickory. If unhampered by fog and wind they will make the run to Pittsburgh with safety.  
—In a note in renewal of his subscription, George L. Scott, a native Forest county man, but now of Collinswood, N. J., incidentally remarks: "The weekly visits of the REPUBLICAN are always most welcome. We are all in fairly good health and prospering. I lose very little time—only holidays and a few weeks in winter. The firm I am with has sold 18 or 20 houses since the first of the year. Water, our son, is home, having completed two years at Lafayette college, Easton, Pa., and has two more there. His work is very satisfactory, never having been "conditioned" in anything, with an average of 96 and 97 per cent. for the year. He will spend his vacation at hard work in order to help out with next year's expenses."

—Bruce Stitzinger is home from a three months' sojourn in the Roumania oil fields, where he was sent by a California oil well supply house to set up a new combination drilling rig for The Oil and Drilling Trust of Roumania, Limited, an English corporation. He went from Taft, California, where he has made his home for several years past, and to which section he expects soon to return. While in Roumania he made his headquarters at Bucharest, the capital. The oil field is extensive, the production large, and the oil is of a good grade. The wells run from 2,000 to 3,000 feet in depth. Their methods of drilling are away behind the times and they are lately getting up-to-date American machinery. Bruce says he admired the country more than the people and that America is good enough for him.  
—H. M. Thomson, one of the many energetic young men who drifted with the tide of oil developments and made good, until he landed in Bartlesville, Okla., where he has been settled for a number of years, writes from there in renewing his subscription: "Mrs. Thomson left on the 28th of June for Centerville, Venango county, to visit her folks who are growing old. She expects to go up to Tionesta later and visit our relatives and friends for a short time. We are located seven miles southeast of Bartlesville, on a lease. Have been here two years. I have a good horse and buggy and can drive to town often. The weather is very hot and dry here; haven't had any rain for a long time. Gary, our youngest boy, and I are 'batching it' while the Mrs. is absent, and we are getting along nicely. I wish to be remembered to all old friends and hope they are all as well as we are at the present time." The many old friends of "Cully" would be pleased to have a visit from him also, we can assure him.

**Zuendel Reunion.**  
As has been their custom for a number of years, the members of the H. A. Zuendel family met at the home of Mrs. H. A. Zuendel at Starr, on July 4th, for their annual reunion. Thirty-six members of the family were present. The day was very pleasantly spent by all. Dinner was served in old-fashioned picnic style on the shady lawn and all did justice to the many good things prepared by the ladies. One very pleasant part of the day was the arrival of Mr. and Mrs. Lawrence Zuendel, of Knox, Pa. This was Mrs. Zuendel's first meeting with her husband's people and was greatly enjoyed by all. After a day well spent, all departed to their homes, feeling that this is a good way to celebrate our great national holiday and hoping that all may be spared to meet again on July 4, 1914.  
Surprising Cure of Stomach Trouble.  
When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all druggists. adv
